have the great pleasure of inviting you for a panel discussion on:

**“Beyond 2015: Financing Equitable Access to Health”**

*The last fifteen years of the MDGs have led to unprecedented gains in global health and economic development, but the impact is not equitably felt across populations. Although country income is growing rapidly, achievements in health often lag behind.*

*The SDGs have a strong commitment to leaving no one behind, providing an unprecedented opportunity to place equity at the centre of a global health agenda.*

*This event will bring together donors, partner countries, technical partners and civil society to discuss their respective roles in the future health financing model and achieving equitable access to healthcare in the SDGs.*

In addition to the organisers, the event will be joined by:

**H.E. Mr Neven Mimica**, EU Commissioner for International Cooperation and Development (TBC)

**H.E. Dr Kebede Worku**, State Minister for Health of Ethiopia (TBC)

**Ms Evelyn Kibuchi**, Senior Programme Manager at the Kenyan AIDS NGOs Consortium

**Ms Hannah Bowen**, Director at ACTION Global Health Partnership

**Mr Emmanuel Ettim**, Pan-African Coordinator of the Africa Civil Society Platform for Health
